

230V

MECHANICAL TIMER

02118

SPECIFICATION

Stock No.	02118
Part No.	MT3B
Rated Voltage	230V~50Hz
Max. output	3000W
Capacity	13A resistive load 2A inductive load

IDENTIFICATION

- (1) Actual time
- (2) Manual override
- (3) 24hr dial
- (4) 30min segments

HEALTH AND SAFETY INFORMATION

Read this leaflet in full before using this product and retain for later use. **DO NOT** use if any parts are damaged or missing.

- For indoor use only.
- **DO NOT** use with any appliance, which exceeds the capacity of the Timer.
- **ALWAYS** ensure that the plug of any appliance is fully inserted into the Timer.
- If you need to clean the Timer, unplug from the mains supply and wipe with a dry cloth. **DO NOT** immerse in water or any liquid.
- **DO NOT** connect this timer to fan heaters and heaters with exposed elements. These type of appliance should not be left unattended.

SETTING THE TIME

Turn the dial clockwise until the pointer is pointing at the actual time (1). Ensure that the manual override switch (2) on the side of the unit is set to the down position (⬇️).

SETTING THE ON/OFF PERIODS

- This timer can set up to 48 On/Off commands per 24 hours.
- Using your finger, a pen or screwdriver pull up all the segments (4) that correspond to the desired "Off" period.
- For the desired "On" period, make sure the segments are pushed down. Each segment represents 30 minutes.

MANUAL ON/OFF

- The pre-set On/Off commands can be interrupted by using the manual override switch (2) located on the side
- When switched to the up position, the connected appliance is switched on permanently.

CONNECTION

- Once the desired On/Off periods and actual time are set, plug the Timer into the 230V wall socket, and then the appliance's plug into the timer. Ensure the wall socket and the appliance are switched on.
- The timer will start to operate and switch on and off the appliance according to the pre-set On/Off commands.

DISPOSAL

At the end of its working life, dispose of the product responsibly and in line with local regulations. Recycle where possible.

DO NOT dispose of this product with domestic waste; most local authorities provide appropriate recycling facilities.
