

DRAPER[®]

MOTORCYCLE SCISSOR STAND

04991

These instructions accompanying the product are the original instructions. This document is part of the product, keep it for the life of the product, passing it on to any subsequent holder of the product. Read all these instructions before assembling, operating or maintaining this product.

This manual has been compiled by Draper Tools describing the purpose for which the product has been designed, and contains all the necessary information to ensure its correct and safe use. Following all the general safety instructions contained in this manual will ensure both product and operator safety, together with longer life of the product itself.

All photographs and drawings in this manual are supplied by Draper Tools to help illustrate the operation of the product.

While every effort has been made to ensure the accuracy of information contained in this manual, the Draper Tools policy of continuous improvement determines the right to make modifications without prior warning.

1. TITLE PAGE

3. WARRANTY

3.1 WARRANTY

Draper tools have been carefully tested and inspected before shipment and are guaranteed to be free from defective materials and workmanship.

Should the tool develop a fault, please return the complete tool to your nearest distributor or contact:

Draper Tools Limited, Chandler's Ford, Eastleigh, Hampshire, SO53 1YF, England.

Telephone Sales Desk: +44 (0) 23 8049 4333 or Product Help Line +44 (0) 23 8049 4344.

A proof of purchase **must** be provided with the tool.

If upon inspection it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This warranty period covering parts and labour is 12 months from the date of purchase, except where tools are hired out when the warranty period is 90 days from the date of purchase. This warranty does not apply to any consumable parts, any type of battery or normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accidents, or repairs attempted or made by any personnel other than the authorised Draper warranty repair agent.

Note: If the tool is found not to be within the terms of warranty, repairs and carriage charges will be quoted and made accordingly.

This warranty applies in lieu of any other warranty expressed or implied and variations of its terms are not authorised.

Your Draper warranty is not effective unless you can produce upon request a dated receipt or invoice to verify your proof of purchase within the warranty period.

Please note that this warranty is an additional benefit and does not affect your statutory rights.

Draper Tools Limited.

4. INTRODUCTION

Minimum Height.....	85mm
Maximum Height.....	340mm
Platform Size	380 x 230mm
Base Size	380 x 230mm
Nett Weight.....	11.50kg

4.3 HANDLING AND STORAGE

- Care must be taken when handling this product.
 - This product is not a toy and must be respected.
- Environmental conditions can have a detrimental effect on this product if neglected.
 - Exposure to damp air can gradually corrode components.
 - If not cleaned and maintained correctly or regularly, the machine will not perform at its best.

5. HEALTH AND SAFETY INFORMATION

5.1 GENERAL SAFETY INSTRUCTIONS

- Warning! Before use, ensure that the motorcycle to be supported has a suitable structure and centre of gravity to accommodate the platform without damaging the motorcycle. Do not use if the stand will foul on the exhaust or other vulnerable parts.
- Place the stand in a suitable work area. Keep the area clean and tidy and free from unrelated materials and ensure that there is adequate lighting. Ensure that the floor is level and strong enough (preferably concrete) to take the weight of the stand and the bike. Do not operate the stand on tarmac as the surface may be unstable.
- Keep the stand clean for best and safest performance.
- The maximum bike weight is 450kg. Do not exceed this rated capacity.
- Before lifting, check that there are no overhead obstructions.
- Keep children and unauthorised persons away from the work area.
- Do not use the stand for a task it is not designed to perform.
- Do not operate the stand if damaged.
- Do not exceed the rated capacity of the stand.
- Do not allow untrained persons to operate the stand.
- Do not make any modifications to the stand.
- Before lowering the stand, ensure that there are no obstructions underneath the motorcycle and that all persons are standing clear.
- Before storing, ensure that all parts are clean and free of grease and oil and the stand is fully lowered. Store stand in a safe area.
- Warning! The instructions referred to in this manual are unable to cover all possible situations that may occur. It must be understood that common sense and caution are factors which are unable to build into this product, but must be applied by the operator.

5.2 RESIDUAL RISK

Important: Although the safety instructions and operating manuals for our tools contain extensive instructions for safe working with lifting equipment, every machine involves a certain residual risk which can not be completely excluded by safety mechanisms. Lifting equipment must therefore always be operated with caution!

6. TECHNICAL DESCRIPTION

6.1 IDENTIFICATION

- ① Lift table.
- ② Base foot.

7. UNPACKING AND CHECKING

7.1 PACKAGING

Carefully remove the product from the packaging and examine it for any sign of damage that may have happened during shipping. Lay the contents out and check them against the parts shown on page 7. If any part is damaged or missing, please contact the Draper Help Line (the telephone number appears on the Title page) and do not attempt to use the product.

The packaging material should be retained at least during the warranty period, in case the machine needs to be returned for repair.

Warning!

- Some of the packaging materials used may be harmful to children. Do not leave any of these materials in the reach of children.
- If any of the packaging is to be thrown away, make sure it is disposed of correctly, according to local regulations.

8. OPERATING INSTRUCTIONS

8.1 OPERATION AND USE

- Warning! Before use, ensure you read, understand and apply the safety instructions.
- Warning! Before use, ensure that the motorcycle has a suitable structure and centre of gravity to accommodate the stand, without damaging the bike.
- Do not use the stand if it will foul on the exhaust, fairing or other vulnerable parts. If necessary, remove any lower fairing and ensure that the bike is stable on the stand before operating.
- Position the bike in a suitable area, checking that the surface on which the stand will be placed is solid and flat (preferably concrete).
- Ensure there is good access and clearance beneath the bike for the stand.
- The stand can be also be used in conjunction with a motorcycle that is already raised on a motorcycle lift. Ensure that the stand is centrally located, secure and stable on the lift platform.
- Inspect the underside of the motorcycle for suitable support points, bearing in mind the centre of gravity of the motorcycle and which wheel is to be lifted from the ground.
- Place the stand under the motorcycle in the approximate position required.
- Turn the hexagonal shaft clockwise to raise the stand until the platform is in contact with the underside of the motorcycle. Adjust the position of the stand as necessary and proceed to raise the bike.
 - For additional security, it is advisable to secure the motorcycle on the stand with suitable straps, especially if the motorcycle is already raised from the ground on a motorcycle lift.
- When work is complete, check under the stand to ensure that there are no obstructions and that it is safe to lower the unit.
- When the stand is fully lowered, ensure that the bike is standing on its wheels and is supported in the upright position.

9. MAINTENANCE

9.1 MAINTENANCE

- When the stand is not in use, store it in the lowered position.
- Keep the stand clean and wipe off any oil or grease. Lubricate all moving parts with oil.
- Check all parts before use. If any part of the stand is damaged or defective, remove the stand from service and take the necessary action to remedy the problem.
- Do not use the stand if it is believed to have been subjected to abnormal load or shock. Inspect and take appropriate action.

10. DISPOSAL

10.1 DISPOSAL

- At the end of the machine's working life, or when it can no longer be repaired, ensure that it is disposed of according to national regulations.
- Contact your local authority for details of collection schemes in your area.

In all circumstances:

- Do not dispose of power tools with domestic waste.
- Do not incinerate.
- Do not abandon in the environment.

11. EXPLANATION OF SYMBOLS

11.1 EXPLANATION OF SYMBOLS

Read the instruction manual.
