4. Health and Safety Information

Important: Read all the Health and Safety instructions before assembling, installing, maintaining or repairing this product. Failure to follow these instructions may result in injury or damage to the use or the workstation.

General Health and Safety Precautions

WARNING! At least 2 people are required to move, assemble and install the workstation to avoid any personal injury.

- **DO NOT** leave children unattended near this product.
- DO NOT stand on the workstation or lean on the drawers or worktop as you may fall or the product could tip.
- Wear safety glasses when removing or reposition the drawer slides.
- **DO NOT** modify the product in any manner as this cause damage to the product or personal injury.

 DO NOT overload the product or exceed the maximum weight capacity specified.

CAUTION! Take care when opening more than $oldsymbol{\lambda}$ one drawer at a time as the unit could become unstable and tip.

CAUTION! Ensure that the workstation is installed correctly and secured to a wall to avoid serious iniury.

- Install on a flat and level surface.
- Lock the cabinet doors and drawers when moving this product.

Residual Risk 4.2

The safety instructions in this manual cannot account for all possible conditions and situations that may occur. Exercise common sense and caution when using this product and protect against any additional conceivable risks.

7. Assembly Instructions

Important: Before preparing or assembling this product, read and understand all the safety instructions listed in this manual.

7.1 Fitting the Roller Cabinet (4) & (5) Grab Handles (Fig.1)

 Attach the grab handles (K) to the front of the cabinets using M8 flat head bolts (L) × 2 per handle.

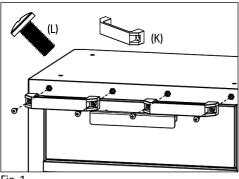

Fig. 1

7.2 Fitting the Cabinet (1), (4), (5) Door Handles (Fig.2)

- Note: For transit the handles are attached to the inside of the doors and drawers. Unscrew and fit to the front of the cabinets.
- Attach the door handles (7) to the front of the drawers or doors using M5 flat head bolts (F) × 2 per handle.

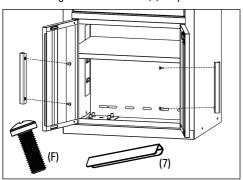

Fig. 2

7.3 Fitting the Roller Cabinet (4) & (5) Castors (Fig.3)

- 1. Lay the cabinets flat on the ground.
- Fit 4 castors (I) to each cabinets using M8 hex flange bolts (J) × 4 per castor.

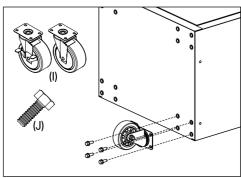

Fig. 3

Note: the castors with brakes should be fitted to the front of the cabinets.

7.4 Fitting the Tall Cabinet (1) Feet (Figs.4 – 5)

- 1. Lay the tall cabinet flat on the ground.
- 2. Attach the adjustable levelling feet (G) to the bottom of the cabinet using 16 × M6 flat head bolts (E).

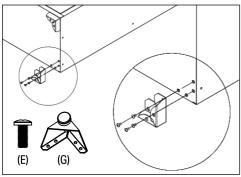

Fig. 4

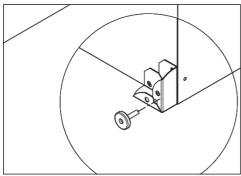

Fig. 5

7.5 Fitting The Tall Cabinet (1) Shelves (Fig.6)

• Slot the 3 shelves (H) into the cabinet.

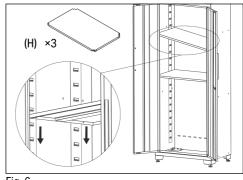

Fig. 6

Note: In order for the door to work, the centre shelf must be fitted level with the lock on the cabinet door.

7.6 Assembling the Workbench (3) (Fig.7)

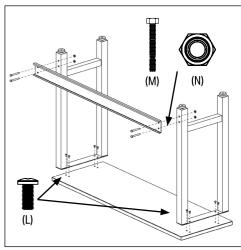

Fig. 7

- Align the holes at the top of the legs with the underside of the worktop. Use 4 × M8 flat head bolts (L) to connect.
- 2. Then fasten the side support to the legs using $4 \times M8$ hex bolts (M) and $4 \times M8$ nuts (N).
- 3. Secure all the bolts and nut and stand the workbench up.

8. Setting Up the Workstation

Important: Before installing this product, read and understand all the safety instructions listed in this manual. Ensure that the product is fully assembled and correctly prepared for use.

8.1 Setup (Fig.8 – Fig.12)

1. Plan the position of the cabinets and workbench. Align the pegboards (6) and screw into the wall using 24 × hex tapping bolts (D) and flat washers (B) (Fig.8).

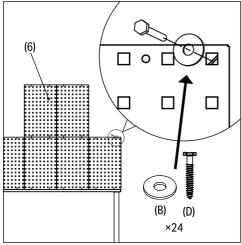

Fig. 8

 Connect the 2 wall cabinets with the shelves (2) using 16 × M6 flat head bolts (A) and hex flange nuts (E) (Fig.9).

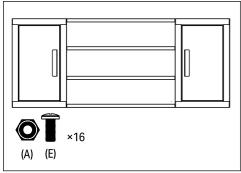

Fig. 9

 Open both wall cabinet doors. Then fix the cabinet assembly to the wall using 8 × M5 hex tapping bolts (D) and flat washers (B). It is recommended that 2 people assist in this step (Fig. 10).

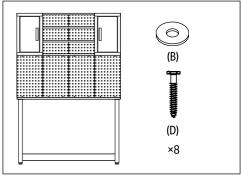

Fig. 10

4. Position the drawer cabinets under the workbench and place the tall cabinet against the workbench. Open the tall cabinet door and secure to the wall using 4 × M5 hex tapping bolts (D) and flat washers (B) (Fig.11).

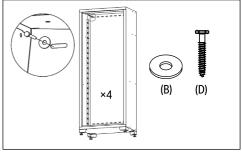

Fig. 11

- 5. Workstation setup complete (Fig. 12).
- 6. Lock the tall and roller cabinets using the keys supplied.

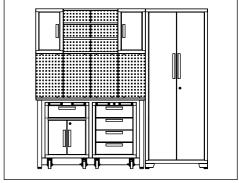

Fig. 12

9. Maintenance and Troubleshooting

9.1 General Maintenance

- Regularly wipe the cabinet fronts and shelves with a mild detergent and water.
- Remove any grease or oil with a non-flammable cleaning fluid.
- Lubricate the drawer slides every 6 months to stop the bearings from becoming stiff.

9.2 Drawer Removal and Replacement

9.2.1 Drawer Removal

- 1. Pull the drawer out so almost fully extended.
- Push up on the black release lever on one side, while pushing down on the release lever on the other side.
- While holding the levers pull the drawer out until released.

9.2.2 Drawer Replacement

- 1. Extend the drawer slides from the cabinet.
- 2. Insert the brackets into the slide slots on each side of the drawer, take care to position correctly.
- 3. Then close the drawer to locate the slides in their correct position.

10. Warranty

Draper Tools products are carefully tested and inspected before shipment and are guaranteed to be free from defective materials and workmanship.

Should the tool develop a fault, return the complete tool to your nearest distributor or contact Draper Tools directly. Contact information can be found at the back of this manual.

Proof of purchase must be provided.

If, upon inspection, it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This warranty period covers parts and labour for 12 months from the date of purchase. Where tools have been hired out, the warranty period covers 90 days from the date of purchase.

This warranty does not apply to any consumable parts, batteries or normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accidents, or repairs attempted or made by any personnel other than the authorised Draper Tools repair agent.

In all cases, to make a claim for faulty workmanship or materials within the standard warranty period, please contact or return the product to the place of purchase. Proof of purchase may be required.

If the place of purchase is no longer trading or if you experience any difficulties with your warranty, please contact Customer Services with the product details and your proof of purchase. Contact details can be found at the back of this manual.

If the tool is not covered by the terms of this warranty, repairs and carriage charges will be quoted and charged accordingly.

This warranty supersedes any other guarantees expressed or implied and variations of its terms are not authorised.

Your Draper Tools guarantee is not effective until you can produce, upon request, a dated receipt or invoice to verify your purchase within the guarantee period.

Please note that this warranty is an additional benefit and does not affect your statutory rights.
