Draper Tools products are carefully tested and inspected before shipment and are guaranteed to be free from defective materials and workmanship.

Should the tool develop a fault, return the complete tool to your nearest distributor or contact Draper Tools directly. Contact information can be found at the back of this manual.

Proof of purchase must be provided.

If, upon inspection, it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This warranty period covers parts and labour for 12 months from the date of purchase. Where tools have been hired out, the warranty period covers 90 days from the date of purchase.

This warranty does not apply to any consumable parts, batteries or normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accidents, or repairs attempted or made by any personnel other than the authorised Draper Tools repair agent.

In all cases, to make a claim for faulty workmanship or materials within the standard warranty period, please contact or return the product to the place of purchase. Proof of purchase may be required.

If the place of purchase is no longer trading or if you experience any difficulties with your warranty, please contact Customer Services with the product details and your proof of purchase. Contact details can be found at the back of this manual.

If the tool is not covered by the terms of this warranty, repairs and carriage charges will be quoted and charged accordingly.

This warranty supersedes any other guarantees expressed or implied and variations of its terms are not authorised.

Your Draper Tools guarantee is not effective until you can produce, upon request, a dated receipt or invoice to verify your purchase within the guarantee period.

Please note that this warranty is an additional benefit and does not affect your statutory rights.

Draper Tools Limited

4.1 Intended Use

This folding workbench is designed for use as a portable work surface and saw horse with customisable clamping arrangements. Any other application beyond the conditions established for use will be considered misuse. Draper Tools accepts no responsibility for improper use of this product.

Part of our core range, this product is suitable for regular use by enthusiasts and tradespersons alike.

Read this manual in full before attempting to assemble, operate or maintain the product, and retain it for later use.

5. Health and Safety Information

Important: Read all Health and Safety instructions before attempting to operate, maintain or repair this product. Failure to follow these instructions may result in injury or damage to the user or the product.

5.1 General Health and Safety Precautions

- Observe all standard safety precautions and good practices when in a workshop environment.
- Read all the safety information associated with any tools to be used in conjunction with this workbench.
 - Use all appropriate personal protective equipment when working with tools.
 - Be mindful that tools that may damage the workbench frame or work surface if used carelessly.
- Before every use, inspect the workbench for broken, cracked, loose or corroded parts.

Important: DO NOT use this product if it is damaged or its structural integrity is compromised. Contact Draper Tools to discuss repair and replacement options.
- Ensure that the workbench is fully assembled, opened and tightened before use, with the folding braces locked in place.
- Ensure that the workbench is positioned on firm and level ground while it is in use.
 - **DO NOT** use the workbench on slippery or wet surfaces.
- **DO NOT** climb or stand on the workbench.
- **DO NOT** exceed the rated weight limit.
 - **DO NOT** store heavy loads on the workbench for extended periods.
- Position the workpiece so that the weight is evenly distributed and does not overbalance the workbench.
- **NEVER** clamp or mount tools to the workbench.
- **DO NOT** expose the product to rain or wet environments.
- Take care when lifting or moving the workbench.

CAUTION!
DO NOT overtighten the clamps.

| (2) | Left leg assembly | (6) | Rear bench top |
| (3) | 2 x Clamp handle | (7) | Right leg assembly |
| (4) | 2 x Clamp rail | (8) | Rear crossbar |

6. Identification and Unpacking

6.2 What's in the Box?

Carefully remove the product from the packaging and examine it for any signs of damage that may have occurred during shipment.

Before assembling the product, lay the contents out and check them against the parts shown below. If any part is damaged or missing, do not attempt to use the product. Please contact the Draper Tools Helpline; contact details can be found at the back of this manual.

- (9) Clamp blocks
- (10) Support blocks

Fixing Kits

- | | | |
|--------------------|--------------------------|-------------------------|
| (11) Leg Assembly | (12) Clamp Rail Assembly | (13) Bench Top Assembly |
| 8 x M6 x 44 Screws | 4 x M8 x 50 Bolts | 4 x M8 x 63mm Screws |
| 8 x Washers | 4 x Washers | 4 x Washers |
| 8 x 10mm Nuts | 4 x 13mm Nuts | |

6.3 Packaging

Keep the product packaging for the duration of the warranty period for reference should the product need to be returned for repair.

WARNING! Keep packaging materials out of reach of children. Dispose of packaging correctly and responsibly and in accordance with local regulations.

Please visit drapertools.com for our full range of accessories and consumables.

Important: Read and understand all the safety instructions listed in this manual before attempting to assemble this product.

Important: Ensure all bolts and screws are only **FINGER TIGHT** until assembly is complete. Then tighten all fixtures securely.

7.1 Assemble the Legs

Fig. 1

Fig. 2

1. Arrange the left (2) and right (7) leg assemblies so that the diagonal braces (2.1) and (7.1) are on the inside.
2. Connect the left leg assembly (2) to the right leg assembly (7) with cross braces (1) and (8) using fixings (11) – the eight M6 x 44 screws, washers and 10mm nuts.

Note: A No.2 cross slot screwdriver and 10mm spanner are required.

7.2 Clamp Rails

Fig. 3

Both clamp rails (4) are identical.

1. Slot the clamp rail (4) over the top of a front and rear leg so the clamp handle (3) is at the front.
2. Align the holes in the leg with the clamp rail and secure with fixings (12) – the M8 x 50 bolts, washers and 13mm nuts.

Fig. 4

3. Place the support blocks (10) on top of the clamp rails (4) ready to mount the bench tops.

Note: The two front support blocks differ from the two rear blocks. The two front blocks have a locating lug (10.1) that must be pushed into the appropriate hole in the clamp rail (4).

7. Assembly Instructions

7.3 Bench Top

Fig. 5

1. Place the bench tops in position as illustrated.
2. Using a No.2 cross slot screwdriver attach the benchtops to the clamp rails with fixings (13) – four M6 X 63 screws and washers.

8. Storage, Spares and Disposal

EN

Store the workbench in a clean and dry location, out of direct sunlight and out of reach of children.

Important: DO NOT store heavy loads on the workbench for extended periods.

For spare parts, servicing, and repair and replacement options, please contact the Draper Tools Product Helpline for details of your nearest authorised agent.

Draper Tools will endeavour to hold any spare parts, if applicable, for seven years from the date that it sells the final matching stock item.

Any servicing or repairs carried out by unauthorised personnel or installation of spare parts not supplied by Draper Tools will invalidate your warranty.

At the end of its working life, dispose of the product responsibly and in line with local regulations. Recycle where possible.

9. Explanation of Symbols

Read the instruction manual
