# TOW **BALL LOCK**

**99674**

Stock No.	99674
Part No.	TT125
Tow ball socket capacity:	50mm diameter

## **Intended Use**

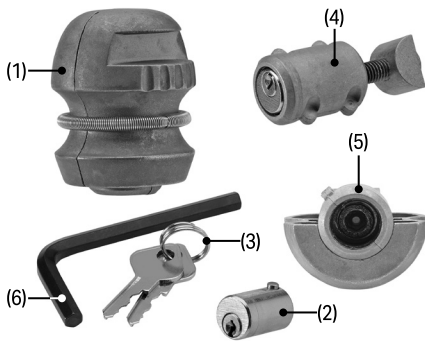

This easy to fit tow ball lock features a rotating barrel lock to help prevent theft or unauthorised use of trailers or caravans.

## **Health and Safety Information**

**IMPORTANT:** Read all the Health and Safety instructions before attempting to use this product. Failure to follow these instructions may result in injury or damage to the user or the product.

- Read this leaflet in full before using this product and retain it for future use.
- **Keep the tow ball lock in good condition.**
  - **DO NOT** use if the tow ball lock is damaged.
- Before fitting the product ensure that the trailer or caravan is stable, braked or the wheels are securely chocked.
- **DO NOT** misuse this product.

## Identification

- |                |                             |
|----------------|-----------------------------|
| 1. Body        | 4. Centre spacing mechanism |
| 2. Barrel lock | 5. Hex. bolt                |
| 3. 2 X Keys    | 6. Hex. key                 |

## Operation (Fig.1 – Fig.3)

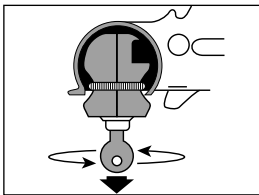

Fig. 1

1. Use one of the keys (3) supplied to unlock and remove the barrel lock (2).
2. Then insert the tow ball lock body (1) into the trailer or caravan tow coupling.
3. Insert the hex. key (6) into the hex. bolt (5) and turn anticlockwise to move the two halves of the tow body apart.

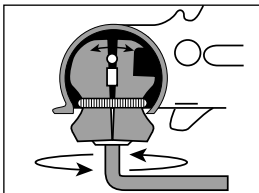

Fig. 2

4. Carry on turning the hex. key until the tow ball body expands and is held firmly in place inside the tow coupling.
5. Insert the barrel into the body (1) and use one of the keys to lock the barrel in place.

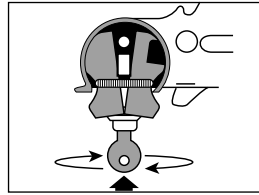

Fig. 3

6. The trailer or caravan is now secure.
7. Carry out the steps in reverse to remove the tow ball lock

## Disposal

At the end of its working life, dispose of the product responsibly and in line with local regulations. Recycle where possible.

## Warranty
